

4 Days Workshop on

# Econometric Analysis

10,11,17&18 October, 2020 (Saturday & Sunday)  
7:00 to 9:00 PM IST

## ABOUT WORKSHOP & TAKEAWAYS

The aim of the Workshop is to bring together Researchers/Management Students/Industrialists who want to employ various statistical tools. It aims to provide a platform for discussing topics related with research methodology and their applications. This Workshop would provide hands-on experience for in-depth understanding of Econometric Techniques and models, and its application to Social Science. The participants will get a good training through Stata software. This workshop will be conducted in a highly interactive manner with greater emphasis on giving participants hands-on experience in handling, analysing and interpreting different datasets for modelling and analysis.

## PEDAGOGY

A mix of pedagogical tools will be used like lectures, discussions, presentations and Hands-on session on Stata Software. Participants will be provided with the relevant industry example data sets for the purpose of analysis in order to facilitate the experiential learning.
